Data Collection Guide

The Dexcom Pro Q Continuous Glucose Monitoring System records a participant’s glucose data every 5 minutes (for up to 10 days). After a health professional (pharmacist, nurse, etc.) removes the Pro Q from a participant, it is bagged and delivered to a health assessment program. They’ll review the participant’s glucose trends and may suggest changes to medication, diet, or exercise.

A. Collect Data

1. Connect Reader to PC with USB cable
2. Open an internet browser and go to proq.dexcom.com
3. Enter username and password provided by assessment program

B. Follow On-Screen Instructions

C. When Data Download Completes:

- Dispose of the bagged transmitter/sensor following local guidelines for disposal of blood-contacting components

See next page for further information
Dexcom Pro Q Reader Statements

Additional Instructions

The Dexcom Pro Q Reader is compatible with the Dexcom Pro Q Continuous Glucose Monitoring System. Please see www.dexcom.com/support for instructions for use related to the Dexcom Continuous Glucose Monitoring Pro Q System.

Precautions

- Inspect the system components prior to use; do not use if damaged (e.g., cracked or damaged enclosure)
- Keep the USB port clear of dirt, dust, water, etc.
- Storage/Transport: Store reader at temperatures between 32° F – 104° F and relative humidity between 10% to 95% RH
- Keep the reader clean and dry
- Only use cables and/or power supply provided with the reader; do not probe reader with pins or sharp objects
- There are no serviceable components inside the reader, and it should not be opened as there is a shock hazard
- Using a damaged reader risks electrical shock
- If the reader becomes broken or damaged, please dispose of it following local guidelines for electronic disposal
- Dexcom, Inc. provides a limited warranty to the original purchaser that the Dexcom Pro Q Reader will be free from defects in material and workmanship under normal use for a period of one (1) year from the date of shipment by the original purchaser
- Caution: Any changes or modifications to the Dexcom Pro Q Reader not expressly approved by Dexcom, Inc. may void the warranty and can damage the device

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Symbols Glossary

The following symbols may be found on the Dexcom Pro Q Reader and/or package labels. This table shows what each symbol means.
